Professional Summary

Dedicated and skilled Full-Stack Developer with hands-on experience in building scalable and efficient web applications using Java Spring Boot, Python Flask, and Angular. Adept at designing RESTful APIs, integrating databases, and creating responsive front-end interfaces. Passionate about problem-solving, clean code, and continuous learning. Strong ability to collaborate with cross-functional teams and deliver end-to-end solutions.

Technical Skills

- Frontend: Angular, React.js, HTML5, CSS3, Bootstrap
- Backend: Java, Spring Boot, Python Flask, REST APIs
- Database: MySQL, SQL
- Tools & Platforms: Git, GitHub, Postman, Swagger, IntelliJ IDEA, Eclipse, VS Code
- Other: Responsive Web Design, API Integration

Experience

Product Engineer Intern – Smartail.ai

Aug 2024 – Aug 2025 | Product: DeepGrade.app (Live EdTech SaaS Product)

- Contributed to the development of a live EdTech SaaS product (DeepGrade), used by educators and institutions.
- Worked across all modules including authentication, grading workflows, dashboards, and reporting.
- Built and optimized RESTful APIs in Flask for data processing and communication between services.
- Developed Angular front-end components with responsive design for a seamless user experience.
- Collaborated with the product team to enhance features, fix bugs, and ensure smooth

deployments.

- Actively participated in end-to-end SDLC including design, coding, testing, and production support.

Projects

Employee Management System

June 2023 – Jan 2024 | Java Spring Boot, React.js, MySQL, Axios, REST APIs, Git

- Developed a full-stack employee management system with RESTful architecture for seamless client-server communication.
- Backend: Built APIs for CRUD operations using Spring Boot & JPA with MySQL persistence.
- Frontend: Designed responsive React.js interface with real-time updates and form validation.
- Implemented features such as employee listing with search/filter, profile details, and record management.
- Tools: Postman for API testing, GitHub for version control.

Education

B.E. Computer Science and Engineering

St. Joseph's College of Engineering and Technology | 2020 – 2024
